Maison & Objet
Paris 2026

Hall 7 - L180

DOT DESIGN LAB

ORIGIN & BASE

Founded in Portland, Oregon, in 2023, Dot Design Lab is a multidisciplinary design studio now based in Busan, South Korea.

DESIGN LANGUAGE ●

Our current collection focuses on playful art objects and sculptural trays, while artful furniture is part of the studio's future direction. Inspired by tactile materials, simple yet unexpected forms, organic curves, and refined proportions, each piece bridges sculptural expression and everyday function and adds a touch of playfulness to everyday life.

BRAND PHILOSOPHY •

Our objects become complete through the user's taste, space, and arrangement, forming personal scenes and stories. Guided by the idea of an Everyday Festival, we connect people, spaces, and moments through small but meaningful experiences. ●

Playful + Experimental Objects for Everyday Festival

A Note of Thanks

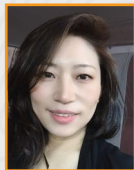

Thank you for taking the time to view my art object collections.

Maison&Objet 2026 is a chance to share what I have created over the past three years of my design journey.

I hope to speak simply and honestly about my work, without dressing it in fancy words.

For me, Maison&Objet is a way to connect people's dots.

I look forward to staying connected with you.
